

Certificate of Conformity

SpeCC

The Certification
Scheme for
Specialist Concrete
Contractors

Michael J Gallagher Contractors Ltd

1 Jacksons Corner, Puttenham Heath Road, Compton
Nr Guildford, Surrey, GU3 1 DU

The above Company is registered as a SpeCC

Tier 1 Contractor

and the Company's construction processes covering the following activities:

Construction of Buildings and Civil Engineering

are certified to conform to the:

SpeCC Regulations 2010

with the quality, environmental and occupational health and safety management systems further certified to conform to:

BS EN ISO 9001:2008

BS EN ISO 14001:2004

BS OHSAS 18001:2007

The SpeCC Regulations 2010 require construction processes to conform to the applicable requirements of Edition 4 of the National Structural Concrete Specification (NSCS), BS EN 13670:2009 (Execution of concrete structures) and/or the requirements of the specifier.

Tier 1 certificates of conformity are awarded on the basis of assessments, at the Company's head office and a sample of construction sites, of the key characteristics of the construction processes and conformity control systems, including all aspects of BS EN ISO 9001:2008 and the SpeCC Regulations 2010, relating to technical capability, training and a declaration of financial gearing. In addition the Company holds certification for conformity with BS EN ISO 14001:2004 and BS OHSAS 18001:2007.
